

89 bed COVID ICU set up at NESCO -Goregaon: Emergency Response for impacted patients by Ratna Nidhi Charitable Trust

The sudden onset of COVID 19 prompted the health departments across the world to act at lightning speed to ensure maximum lives are saved. Quick and efficient treatment with the required good quality machinery remains the best way to support to impacted patients.

Ratna Nidhi Charitable Trust (RNCT) has responded to the COVID 19 pandemic by ensuring best equipment support to COVID impacted patients at the NESCO COVID Centre, Goregaon, Mumbai

The equipment provided has been Para Pt. Monitors, Central Nurse Station Monitor, Patient Monitor HDU, high flow nasal cannula, Bi-PAP Machines, Arterial Blood Gas Machine, 10 dialysis machines, Function Motorized bed and Defibrillators used for restoring a normal heartbeat.

Details of equipment		
SN	Name of items	Qty
1	5 Para Pt. Monitor	84
2	Central Nurse Station monitor	6
3	Pt. Monitor HDU	36
4	NIV Bi- PAP Machine	30
5	ABG Machine	2
6	Dialysis Machines	10
7	5 function motorised bed	89
8	Defibrillators	3

All the equipment comes with AMC, insurance and re-installation support.

This equipment procured by RNCT is loaned to MCGM for use at the NESCO COVID Centre for a minimum period of 6 months and maximum period of 1 year. After which, RNCT will donate the equipment to deserving rural or tier 2 hospitals of Maharashtra, thereby augmenting long term health infrastructure needs of the State of Maharashtra.
