COVID-19 RELIEF

SPONSORED BY ESSILOR VISION FOUNDATION

Ratna Nidhi continues to respond to the COVID-19 crisis in Mumbai by providing cooked Khichdi to families of daily wage workers. We have donated over 3.7 lac khichdi to several families and continue our efforts to ensure daily sustenance of those worst affected by the COVID-19 Pandemic.

We have also been donating Personal Protective Equipment (PPE) kits to Hospital staff as there is a severe shortfall of this for our frontline workers.

Hence keeping this need in mind, Ratna Nidhi in association with Essilor Vision Foundation and Delta Lenses has donated essential items to hospital staff who are the frontline warriors of COVID-19. 3000 masks, 500 face shields and 100 PPE suits were donated to Government Dental College and Hospital, Mumbai and RN Cooper Hospital.

We thank Essilor Foundation and Delta Lenses for their support in providing these essential kits to the hospital staff in Mumbai who continue to relentlessly work and save thousands of lives of every patient battling COVID-19.
