Over the Years, the number of very poor and street children from the Juhu Galli, has increased. They are mostly, Gujarati specially Khoja from Gujarat. It is because of this, that the school has welcomed Ratna Nidhi Food, Which will not only provide nutrition but also reduce absenteeism.

Testimonial:

Respected Sir/ Madam,

This is to highly appreciate and thank Ratna Nidhi Charitable Trust and all its donors for their generous and philanthropic act of providing free food to our 100 students from Nov 2017. These students all come from underprivileged backgrounds and therefore are really benefiting from this gesture of yours.

They come from homes where sometimes parents are not even able to provide two meals to their children and this is where Ratna Nidhi plays a crucial role, their daily supply of this nutritious food for these students helps them to get the stamina and energy to work throughout the day

These children would come empty stomach and would therefore feel weak, sleepy and disinterested in studies.

We have noticed that all such children are a little more attentive and actually are trying to focus on studies more than previously.

So once again I would like to thank Ratna Nidhi Trust for their sincere and dedicated efforts to create a strong, educated and healthy generation for the bright future of our country.

Thanking you,
Yours faithfully,
Afshan Waheed

Saraswati English School

Address: D.N. Nagar, Ganesh Chowk, Andheri – West

No. of students: 50

An old School, established in 1941, originally in Girgaum, South Mumbai shifted to D.N.Nagar, Andheri, western suburbs of Mumbai in a ground plus two size building, with computer room, Science lab, Library and Teacher's room as well as sports facility. What they don't have is the number of students to fill the classrooms. Mainly because Marathi Medium is talking the wave against English Medium here. Though, School authorities have named the school as Saraswati English school. Moreover, BMC has now extended std. VIII in their middle school program. Hence Saraswati English School is studying with IX & X only.

Thank to Ratna Nidhi Food Program which is helping students to sustain. School estimated to have 50 students in the beginning of the year, but facility short of 3 Numbers (47 on Register) as of Oct'2018.
